3/13/97

Dear Bill,

Hasty and brief thanks for your 3/6 and your 300 # which I've noted.

Mail heavy today.

I finally heard from Verb. He is OK.

He has been busy with more time taken by medical checkups all of which were good.

Hope your area is drying out.

Bill Meichter in Louisville came through that flood dry. His home is on a hill and the area in which his office is was protected by a flood wall that did its job.

Kept him from going fishing, though.

Thanks and best,

Ken
